---

The following corrections, clarifications, and/or alterations to the plans and specifications for the project are as much part and parcel of the said plans and specifications as if included therein and supersede said plans and specifications in accordance with the order of precedence outlined in SM-01010 of Section 00950: Standard Modifications to MPWSS.

Bidders are required to acknowledge receipt of all Addenda on the Bid Form and failure to do so may result in disqualification. This addendum consists of **2 pages**.

## CONTRACT DOCUMENTS

1. Section 00100 – Invitation To Bid:
   **Delete the bid due date of Thursday August 27, 2026 and revise to Thursday September 3rd, 2026 at 3:00 pm.**

2. Section 00400 – Bid Form:
   **Delete Bid Item Number 4 – Pothole Patches from the base bid.**
   Pothole patching will not be part of the work and will not be considered in the Award. Delete bid item 4.

## CLARIFICATION(S)

**What are the pavement section and gravel digout requirements?**

Refer to the Project Manual Appendix B – Pavement Patching Details shows the typical pavement section requirements. Disregard the Pothole patching details as that work is not required.

**Where is the pavement patching work located?**

The location of the pavement patching work is delineated in Appendix A of the Project Manual. The table shows locations of the patches including the street name and approximate size of each patch. The patches will be painted in place by the City prior to work. In general, the patches for the **Base Bid** are located in 12 different areas within the City. The proposed patches for the **Additive Alternate #2** work are located in approximately 40 locations within the City.
