Re: Task Order No. 9 Amendment 8 – Water System Improvements
City of Three Forks City Engineer
Great West Engineering Project No. 1-19116

Dear Council:

This letter constitutes *Task Order No. 9 Amendment 8* to our *Agreement for Professional Services* dated March 27, 2019, for the above-referenced Project. Great West's scope of services, schedule of fees, and schedule for completion of these services ("Services") are as follows and further detailed in the attached Scope of Services:

Attached hereto as Exhibit B – Scope of Services

- **Construction Oversight and Record Documents – Wells 11 & 13** **\$35,625**

As compensation for these Services, Client shall pay Great West at hourly rates according to the Schedule of Billing Rates, plus expenses, for an estimated total amount of \$35,625.00 as determined by the *Consultant Agreement*. This amount cannot be exceeded without Client's written approval.

Please have an authorized representative sign both originals of this letter and return one executed original to Great West at the following address:

Great West Engineering, Inc.
2501 Belt View Drive
Helena, MT 59601

Acknowledgment. This *Task Order No. 9 Amendment 8* is agreed to by the parties and is effective as of the date of this letter.

GREAT WEST ENGINEERING, INC.

Collette Anderson, PE

Water/Wastewater Service Group Director

CITY OF THREE FORKS

Randy Johnston, Mayor

Date

**EXHIBIT B
SCOPE OF SERVICES
CITY OF THREE FORKS
WATER SYSTEM IMPROVEMENTS
Amendment No. 8 to Task Order No. 9**

Project Understanding

This is an amendment to the scope of work presented in Task Order No. 9 and is a continuation of the water supply work referred to as phases 1 through 3. Phase 1 – Land Acquisition & Test Wells, Phase 2 – Water Rights Analysis, and Phase 3 – Well Construction & Connection to System.

Scope of Work

Construction of Additional Public Water Supply Wells (3) & Observation Wells (2) – Increased Budget for Wells 11 & 13

The previous scope of work for the construction and reporting for these wells is detailed in Amendment 4. The increased budget is due to the following changes to the project scope as the project is completed.

- Changes to DEQ requirements for PWS6 reports which Wells 11 & 13 had to adhere to.
- Completing design and approval of installing surface seal at Well 11, coordination with DEQ.
- Additional coordination with the contracted driller to move the project beyond initial construction to finalizing the placement of pitless adapters and pumps.
- Contract adjustments with the contracted driller to complete the construction of the wells.
- Scheduling adjustments with the contracted driller.

Compensation

Great West will complete these services per the costs listed below for each task. Our estimated fee to complete the work is \$35,625. The work would be completed on a time and materials basis not to exceed this amount.

Task	Cost
Bidding and Construction of 3 Additional Public Water Supply Wells and 2 observation wells – Increased Budget	\$35,625
TOTAL	\$35,625

Task Order 9 – Water System Improvements Summary

Task Order 9 – Water System Improvements	\$65,000	
TO#9 Amendment #1 – Well 6A	\$40,000	\$37,497.51
